How We Help Our Clients

What Our Clients Say

“

**Tim Lawrence, President,
Oralucent**

Rand was instrumental in establishing a key licensing and R&D relationship for us which literally changed the direction and trajectory of our company. We could not be more impressed with his professionalism and experience. Thanks Rand.

“

**Eddie Leech, Inventor, Click It
Fence**

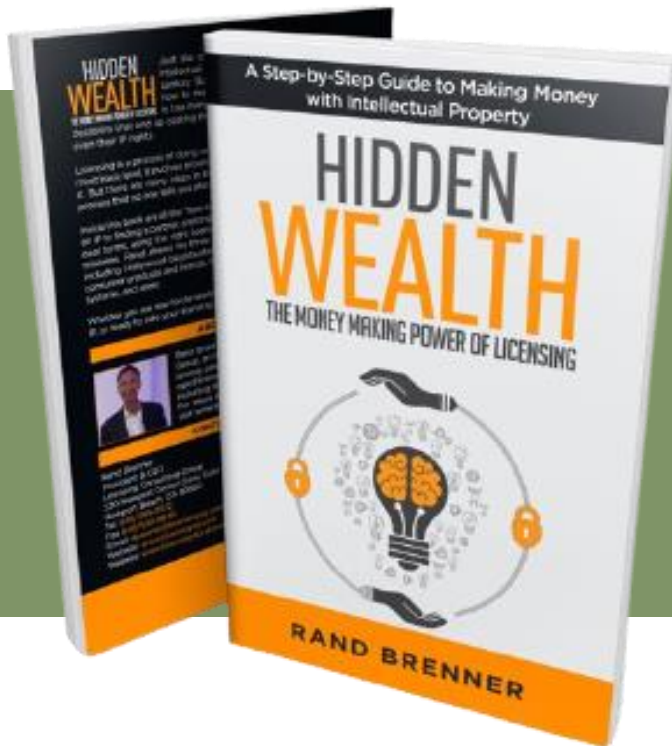

I hired Rand to represent my invention for licensing opportunities. I could not be more impressed with the response rate he has generated. It has been refreshing working with someone with great follow-thru, vast licensing knowledge, and professionalism. Thanks, Rand!

“

**Laurence Jacobson, Ideas
That Fit**

From his on hands strategies for Batman1 at Warner's throughout his twenty-plus years in the Branding and Licensing of concepts evolving into products; his innovative ability to get the final results, that being the ultimate product in view of the Consumer is non-pareill. He is not only creative but an expert in his field and works well with all demographics of clients and customers.

Licensing Program Goal

Generate IP revenues in one or more ways:

- ✓ License out to partners in core market
- ✓ License into new product categories/market applications

Licensing Advantages

1

Faster to market without overhead expense risk

2

Licensing partner has all the resources in place

3

Eliminates the “unknown” showstoppers

4

Shifts the market risk to licensees

5

Creates multiple revenue streams

6

Protected from market liability

7

Enhances IP stature & value

8

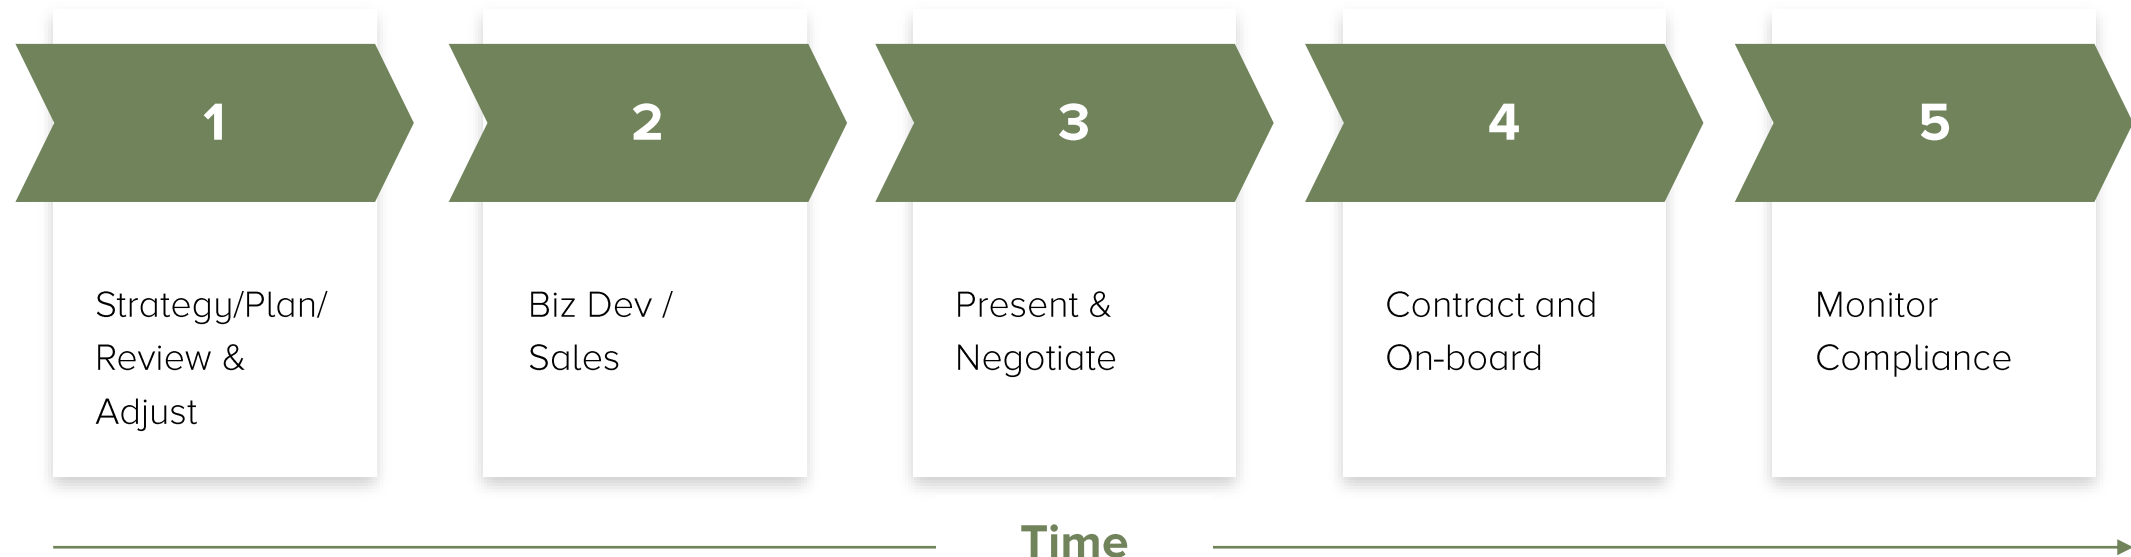

Creates an exit strategy option

9

Maintains IP ownership

Licensing Timeline

Tasks & Activities

* Timing will depend on the IP, target licensee responsiveness, meeting schedules, and other known and unknown variables.
